FOR THE SICK BABIES!

Baby Party given for the benefit of the Fresh Air Fund of the Lincoln Park Sanitarium.

The home of Mr. and Mrs. M. A. Howard, Lake Avenue, was the scene of a novel social entertainment on Saturday last, consisting of a baby party, to raise funds for the Lincoln Park Sanitarium, Chicago. The idea was conceived and carried out by Mrs. John E. Perkins, of Antioch, ably assisted by Miss Minnie Perkins, of Burlington, Wis.

A careful "census" of the baby population of Antioch, under the age of two years, places the number at twenty-four; but sickness and other unavoidable causes cut the attendance down to twenty, as follows: Gussie Drom, 9 months and 3 weeks. Ralph Storms, 6 months. Harold Bryant, 8 months and 2 weeks. Leola Haynes, 8 months. Shirley Olcott, 9 months, 1 week. Leslie Harden, 8 months, 1 week. Ray Franch, 2 years, 4 months. Marie Webb, 9 months. Mabel Kirby, 1 year, 2 months. Lorena Tiffany, 5 months. Mary Tiffany, 6 months. Brosin Perkins, 8 months. Mildred Drom, 2 months. Bryant Judson, 2 years, 2 months. Reba Burnett, 1 year and 7 months. Frank Cook, 2 years. Catherine Foltz, 1 year and 5 months. Mary Burke, 5 months, 8 weeks. Ralph Gaggin, 1 year, 2 months.

The little cherubs (and cherubins) were each accompanied by their mammae, and in addition, the following people called during the afternoon to pay their respects to the little ones: Mesdames A. G. Watson, Nelson Pullen, Chas. Pullen, E. D. Emmons, Will Bryant, J. L. Harten, Frank Simmons, Will Hodge, George Webb, H. Billett, J. B. Storey, Frank Tillotson, John Welch; Misses Alice Emmons, Eva Grace, Lizzie Ames, Mabel Boylan, Dora Simons, Ada Burnett, Messrs. Frank Simmons, A. H. Storms, G. R. Olcott, Chas. Webb, J. E. Perkins, M. A. Howard—all of Antioch; Mrs. Rootwell, Madison, Wis.; Mrs. John Thayer, Misses Gussie and Hazel Thayer, Milwaukee; Mrs. Geo. Hardy, Waukegan; E. L. Nims, Chicago.

Merrill, the photographer, secured two views of the little ones, and no one can appreciate the full meaning of a "baby party" without seeing these photographs.

About four o'clock elegant refreshments were served by Mrs. Howard, Mrs. and Miss Perkins, to which the other guests did ample justice.

The receipts of the afternoon, which consisted of entrance fees, for the babies present, amounted to \$5.80. To this will be added the money derived from the sale of photographs, and the total amount donated to the Fresh Air Fund of the Lincoln Park Sanitarium.

All parties are to be commended (and especially Mrs. and Miss Perkins) for this display of sympathy for sick babies who are given fresh air in most cases saved from an early death by this Sanitarium. Ten cents keeps a baby a day at this institution, and we hope to see many more such entertainments given in Antioch for this noble cause.

Charley Barber in Hard Luck.
While Chris Sorrenson and Frank Peterson were returning from the lakes, about 1 o'clock Saturday morning, they discovered fire in the new jewelry store of C. H. Barber, on Main street. Hastily giving an alarm, they procured tools from Peterson's blacksmith shop, and attempted to effect an entrance through the front door. This was not easily done, and it was not until the glass was broken that it was possible to get water onto the flames. But few people responded to the alarm, but these were equipped with buckets and water, and soon made short work of the fire. A careful investigation showed that the fire started under Mr. Barber's work cabinet, a few inches from the front window, the damage being entirely to the cabinet and contents. How the fire started is a mystery, several ideas having been advanced, but none of them satisfactory explanations. The loss is estimated by Mr. Barber to be from \$200 to \$300, with no insurance. Several watches, the property of customers and Mr. Barber, were damaged beyond repair, also many diamond tools, besides a lot of new repair stock just received. The loss comes heavily upon Mr. Barber at this particular time, as he had just completed and moved into his new store. It is extremely lucky, however, that the fire was discovered, for had it got a good start there would be no telling where it would end. These narrow escapes should be a warning to the people of Antioch to provide some kind of fire protection. Sooner or later we will have a repetition of the great fire of 1891. Better spend a few dollars in providing fire protection than have twice the amount of property go up in smoke.

Resolutions.
Headquarters Waukegan Post G. A. R. Waukegan, Ill., August 23, 1894.
At a regular meeting of this Post, held August 18th, 1894, the following resolutions were unanimously adopted by rising vote: WHEREAS, It has pleased the Great Commander to remove from our ranks a loved and honored comrade, and WHEREAS, That comrade has long been a member of this organization and entertained a strong feeling of friendship for his association in the days of the war; Therefore,

Twice he offered his life, and he for the preservation of the Union and the maintaining of the starry banner under which the loyal legions gathered in the times which tried men's souls, and twice he returned with bad health, lingering in suffering because of his service and sacrifice until his final muster out.

Resolved, That the deep sympathy of the Post is hereby extended to the widow of our late comrade, and to all who were bound to him by ties of kinship.

Mrs. Ingalls gave a yachting party from Royndall's Island, to a number of her friends, in the yacht Joker, Monday of last week. A collection was taken up for the Fresh Air fund.

The largest catch of the season was made by John L. Stanley, of Chicago, on Sunday, D. Daily, they having caught 12 pounds, Saturday, August 18th. One wall-eyed pike turned the scale at 8 1/2 pounds, one bass at 5 1/2 pounds.

Collins, at Lippincott's Hotel, gave a fancy drill on the fine lawn of Mrs. George Lomax. A large crowd gathered to witness the drill and hear the drums and fifes. After the drill was over they were taken on board the yacht Joker and Willy Wump for a sail. Every one spent a pleasant time.

Late arrivals at the Sulphur Springs Cottage: Mr. Giles Stanley and wife, R. V. Stanley, Ira J. Mix, Lou Esport, Mr. and Mrs. G. W. Dront, J. W. Green, R. D. Hill, Arthur Green, Frank Baily, Geo. Swift, Charles H. George, M. Esport and wife, G. E. Amhull, Capt. Bert Swift, C. H. Rannels and mother, E. Elcock and wife, Judge G. T. Baily, Miss Gladys Neale, Mrs. Theodore Perry, J. A. Seeborger, Mrs. J. Montgomery, Mrs. John Spiry, Wm. Robinson, E. Dambarger, R. Burkhardt.

The ladies' regatta, on Saturday last, was a failure. Only three cat-boats started, the Willy Wumps, sailed by Miss Marion Mason; the Mischief, by Miss Jeanie Brophy, and the Sans Souci, by Miss Bertie Brophy. Instead of starting from the Minneola, where the judges awaited them, they started out from the Mason cottage, and proceeded to sail the course without any reference to the appointed judges. Theo. F. P. Burnham and W. M. Kiduff, declared the race off, and appointed Monday of this week as the time to sail it over again.

The Fox Lake Fish and Game Association met at the Minneola on the 19th inst., at 10 o'clock. There was a large number in attendance and a great deal of interest taken. The meeting opened by an address from Ex-Governor Hertz, stating the object of the meeting. Noah H. Pike was elected President, Albert Mason, First Vice-President, Allen C. Story, Second Vice-President, D. S. Daily, Secretary, and Treasurer. A number of gentlemen made suggestions on raising funds. Ed. Myer, B. Swift, Mr. Mason and Mr. W. L. Nelson said that to make the association two or three dollars there would be a large number joining the association than at five dollars, as most all of the club members of the Ingleside, Elgin, Fox Lake, Oak Glen and other sporting clubs would join, and a higher membership fee would keep a num-

Some discussion arose as regards

the organization, and was continued by a number of gentlemen. Mr. Swift explained the law and the Mr. Daily, said that one-half the Association was made up of the Executive Committee, and an Executive Committee was appointed as follows: J. W. Lyke, J. B. Boyler, James Gardner, Mr. Melan-

ch, J. S. Sinding. Capt. Morrison said that he had been as high as ten tons of fish taken out in the winter and shipped to Chicago, before this Association was organized, and since then the warden and J. W. Green, John Lyke and Clayton Burket had notified the fisherman that they would be prosecuted. From that time there was not a fish set in the lake. Col. Geo. H. Davis was expected, but could not be present at the meeting. He was represented by H. H. Morrison and J. McNeil, who said that if he could not be with them in person, he was with them in money and spirit.

The arrivals at the Sylvan and Gifford's continue large.

Evangelist Sunday (ex-ball tosser) and family have been spending some time at the resorts hereabout.

Freddie Gifford met with a serious accident last Thursday. A cartridge exploded taking away his thumb and one finger, and terribly lacerating his hand, leaving that organ crippled for life.

In the euche contest at Gifford's, Wednesday afternoon, the blue-ribbon prize, a cut-glass vase, was won by Mrs. H. Philippi, with Mrs. Morton Curry second. The first pink-ribbon prize, a cut-glass olive dish, was won by Mrs. J. E. Gossard, the second a fern dish by Miss Louise Hare.

Sir, Salvatore Tomas, the well-known mandolin artist, and Miss Marion Petersen, of Chicago, who have been spending the summer as guests of Mr. Richardson, left Monday for Chicago. The young couple are to be married Sept. 3, and their departure was made through a shower of rice and good wishes.

Late Chicago arrivals: Messrs. Albert Geis, F. M. McKinney, G. A. Montgomery, W. F. Stewart, W. B. Mather, W. C. Niehoff and Tom N. Donnelly, and families.

GRASS LAKE, ILL.
Late arrivals at Sportmen's Home: Gideon and George Thayer, and George A. Frazier, and wives.

Devil's Lake.
About fifteen Antiochites visited Devil's Lake, on Sunday, by means of the excursion from Richmond, Ill. The trip was accomplished without accident or mishap, save a slight scare over two of the young men getting lost near Harvard, Ill. They were on the train, however, and not left, as was supposed.

It is a long but pleasant journey, through a picturesque portion of Wisconsin; especially is this true of the country through which we passed after leaving Madison, and just before reaching Devil's Lake. The North-Western accommodations were very good, and the Trainmen's Union is to be commended for the orderly manner in which the excursion was conducted. On the return there were on board a number of persons who desired no rest, and seemed determined that no one else should enjoy any repose.

Devil's Lake is a small sheet of water, surrounded, or nearly so, by great cliffs of rock, broken in great boulders, and piled, as if by a mighty hand, to the height of about 300 feet. Clambering up to the top of the cliffs was no small task, but it was successfully accomplished by all of our party; some of the ladies showing themselves much more adept at finding their way among the rocks than the men, and in fact the first to reach the top was a young lady.

Our path up the side of the precipitous wall was an infrequent one, as we avoided the regular pathway, thinking it would be more novel to climb straight up the rocky side. The ladies of our party were the only ones whom we saw attempt the same feat, and they can certainly consider the adventure quite an accomplishment.

We spent about two hours among the rocks and shrubbery at the summit, enjoying a view of the lake, as the water sparkled in the sunlight, and of the cliffs that rose to a greater height on the opposite shore. The descent was made by the regular beaten path down among the rocks, which we found to be much easier to travel than the one we had chosen for the ascent.

Devil's Lake is not a summer resort as yet. It is surrounded by its own native wilderness, which is of a nature which will not be shorn of its sublimity by the ruthless hand of the summer excursionist for centuries to come.

Two very unattractive looking, snail-like-travelling steamers prowled about on the smooth waters of the lake, awakening the echoes of the caverns by their unmelodious whistles, which always caused a rush for the pier.

The Cliff House, the only hotel, is in the hands of very accommodating people, and was open to the picnickers throughout the day.

The excursionists left there about 7 p. m., arriving in Richmond about 2 a. m., Monday. Many amusing and interesting happenings occurred on the return trip, which lack of space will not allow us to narrate.

ONE WHO WAS THERE.
Orange Blossoms.

MARRIED.—In New York City, N. Y., Wednesday evening, Aug. 29, 1894, Mr. Ernest Roscher, of Antioch, Ill., and Miss Lena Mehlman, of New York.

The News takes occasion to wish Mr. and Mrs. Roscher much joy, long life and prosperity. The happy couple left at once on a wedding tour to different eastern points, including Niagara Falls, and will be at home, at their cottage on Main street, this village, in about two weeks.

THE crop of politics is growing rapidly, despite the dry weather.

JUDGE CLARK is reported as saying that so far as the County Judgeship was concerned, in his case, it was a losing investment. Then why burden him with the office?

ANTIOCH, with the largest Republican vote of any town in the county, outside of Waukegan, has had but one place on the county ticket since the editor of the News was old enough to chew gum.

WILL the Republican delegates to the County Convention from the various townships in the county please remember that Antioch will make a vigorous effort to nominate a County Treasurer this year, and thus secure for one of its citizens the second position on the county ticket in over thirty years.

PASS the offices around. Libertyville, with a much smaller republican vote than Antioch, has had the County Coroner for several terms. Antioch—well it had the office of County Superintendent one term in over thirty years. We want the treasurership this year and are going to get it, or know the reason why.

JUDGE CLARK is growing old, some younger man must eventually succeed him. The present is a good opportunity to train some one for the position while he can have the benefit of the wise counsels of Judge Clark, who every one will admit, has made a good officer, but has not sufficiently honored by the county, by a tenure of office of over ten years. Pass the honors on, and this year, let the mantle of the shoulders of D. L. Jones, successor.

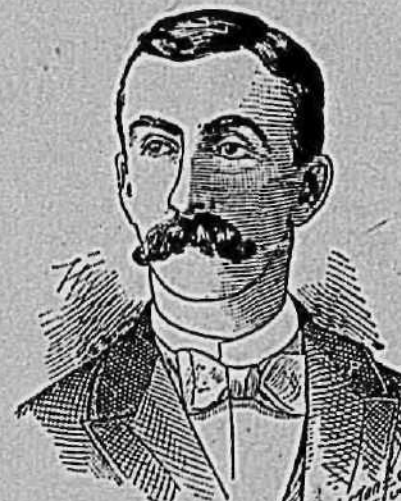

CLOSE OF VOLUME SEVEN.

With the present issue the News closes the seventh year of its publication, and, has now so to speak, arrived at the age of reason. Originally established as an independent paper, for reasons that must be obvious to everyone who loves their country better than party, we have seen fit to support the Republican ticket, both State and National, believing it to be to the best interest of the people, especially the toiling multitudes, so to do. We have never as yet felt called upon to make any apology for any of our acts as publishers and have no excuse to make or apology to offer. We will in the future, as in the past, strive to make each succeeding edition of the News better than the preceding one and solicit the co-operation of everyone who believes that a newspaper should voice public sentiment and labor for the best interests of the people. Thanking our patrons for loyal patronage in the past we solicit the same generous patronage in the future, promising on our part an honest effort to merit it.

Very Truly,
BURKE & STORMS, Pubs.

JOHN J. BURKE, Senior editor of the News, was born in the village of Antioch, February 25, 1858. In the fall of 1882 he moved with his parents to the farm now occupied by them and followed the vocation of a farmer until his 21st birth-day, attending the district school in the summer and winter terms, afterward engaging in various pursuits. In 1877 he purchased a small Job Press and an outfit of type and for a number of years devoted part of his time to the Job Printing business. Sept. 1, 1887, he opened an office in the village of Antioch, and established the ANTIOCH NEWS, which publication he conducted until April 1894, when he associated himself in business with A. H. Storms, under the firm name of Burke & Storms. He is serving his second term as Justice of the Peace of the town of Antioch and gives his personal attention to the details of the office work.

A. H. STORMS, Junior editor of the News, was born in Delavan, Tazewell county, Illinois, May 20, 1860. Attended graded school until 1874, at which time he left his place in the high school (under Prof. J. S. McClung, now of Pueblo, Col.) to enter the Delavan Advertiser office, as "devil." Served a three-years' apprenticeship under the venerable John Culbertson, now postmaster at Delavan; also, in different capacities, from "devil" to manager, of printing offices in Lacon, Pontiac, Hennepin, Princeton and Chicago, Ill., and Manistee, Mich. In 1891 he received an appointment in the Railway Mail Service, on the Powers-Florence run in Michigan and Wisconsin, holding that position until September, 1892, when he entered the Iron Mountain (Mich.) post-office, as Mailing Clerk. This position he held until the political "powers that (now) be" decided that his scalp should dangle from their belt, and off came his head. He then returned to his first love, "the art preservative of all arts," and formed a partnership with Mr. J. J. Burke, in the publication of the ANTIOCH NEWS.

THE Knights of the Maccabees of this State will hold their annual picnic at Elgin on Saturday, Sept. 8th.

The Doctor has many patients in this vicinity, who have improved under his care rapidly, and some remarkable cures are coming to light almost daily. Among the most remarkable cures is that of Mrs. Dennison, of Richmond, and Mrs. Henson, of York.

The tent meetings, under the leadership of Evangelist A. J. Bell, closed last Sunday with a grand rally. At the last service the great tent was filled. Rev. J. E. Manning, of Salem, Rev. R. B. Mr. Bell spoke again in the church on Monday evening. He began meetings in Lake Villa, Tuesday evening, and from there goes to Cedar Falls, Iowa.

Communicated.
Waukegan, Ill., Aug. 28, 1894.
MR. EDITOR:—Noticing your columns are, of late, much given to certain candidates for Sheriff, please allow me to make a few important suggestions. In the first place, can the county afford to elect a Chicago man and have him hire all his work done? What we want is a man who is willing to devote his entire attention to the office. No, Mr. Editor, we don't want Bro. Hubbard's man. We want a man who is fairly acquainted with the business of the office. Such a man is Andrew L. Conrad, of Waukegan, who has been Deputy Sheriff for the last four years, and who can show the best record of any man ever yet connected with that office. As an incident connected with his work, we would refer you all to the time of Tim Bacon's horses being stolen, a year ago, when he put in thirty-two days of hard work in recovering the team, over the prairie of Milwaukee, and caught one of the thieves in Chicago, and the other in New Paul, Ulster County, New York. Also other numerous cases which we need not mention in this article. He is a man who has the respect of all the prisoners, and who, during his time in office, has not let a single man escape. Now here is a good opportunity for a young man, and old Republicans to extend an encouraging hand and help a young man, and an honest Republican, to an office he well deserves, especially when he so successfully has performed the duties of that office, without one cent of salary attached to the same. Mr. Editor, please see that you do all you can for our friend Conrad, and thereby do a justice to Lake County.

Wooden Wedding Anniversary.
The pleasant home of Mr. and Mrs. Robert Selzer, at Grass Lake, was the scene of gay festivities, on Wednesday evening, August 29th, the occasion being the fifth anniversary of the wedding day. Early in the evening the invited guests began to arrive and continued to come until about nine p. m., at which time fully one hundred people were assembled to pay their respects to Mr. and Mrs. Selzer and wish them many happy returns of the event. In the limited space at our disposal we shall not attempt to give the list of guests but will pass over the subject by saying that friends from Antioch, Gray's Lake, Wadsworth and the immediate neighborhood were present, loaded down with stately tokens of their esteem in the shape of many useful and valuable presents. Prof. Metcalfe furnished music and those who wished to dance soon formed into sets and merrily tripped the "light fantastic toe," while the more sedate of the group whiled away the time in social converse. About 11:30 the guests were invited to the spacious dining room, where the long table was spread with fruit and flowers, temptingly arrayed. It is hardly necessary to say that the dance, mirth and melody added zest to good appetites, and the tempting array of viands completed the desire, and ample justice was done the repast.

Owing to the fact that a complete list is not obtainable at the time of going to press, we are unable to give a complete list of the presents received, which were all useful, and many of them very nice.

Drowned in Lake Catherine.
Sunday afternoon about 1:15 George A. Rathbun, assistant cashier of the Western Union Cold Storage Co., No. 89 North State St., Chicago, while a guest of the Lake Catherine, just off the bar, it appears that Mr. Rathbun was accompanied by W. Hoffmeyer, who, however, remained on the shore. After removing his outer garments, Mr. Rathbun took the boat in which he and Mr. Hoffmeyer had reached the bar and shoved out into the lake. When about one hundred yards from shore, he removed his shoes and underclothing and jumped into the water, allowing the boat to float away from him. For some time he swam around, as he was apparently an expert in the water, and on one or two occasions reached the boat and again let it drift from him. Presently Mr. Hoffmeyer heard a cry for help and saw Mr. Rathbun sink to rise no more. Mr. Rathbun was twenty-three years of age and formerly a resident of Grand Rapids, Michigan. Search was immediately made for the body and a diver from Chicago secured, who, upon the second trial, after the expiration of 25 seconds, raised the body, which was found lying upon its left side in some 22 feet of water and about 100 yards from the shore, about three o'clock p. m., on Monday. Undertaker James took charge of the remains and removed the body to the town hall, where Dr. Knight held an inquest Monday evening. The jury, consisting of L. J. Burke, A. H. Storms and John E. Ballard, after listening to the evidence adduced, brought in a verdict that deceased came to his death by accidental drowning. Hugo D. Rathbun, father of the deceased, and Eugene Morton, a cousin, of No. 1800 Michigan Ave., Chicago, were present at the inquest and took charge of the remains, which were taken on the Tuesday morning train for burial at Grand Rapids, Michigan, the home of his parents.

J. B. Welch is building a neat barn on his farm, south of town. His son, J. C. Welch, is superintending the work.

Pastor Jones returned from a trip in Wisconsin, where he was called by the serious illness and death of a friend.

C. Nells recently moved his barn several rods back from the road, which adds greatly to the good appearance of the street.

Miss Jennie Welch goes to Deerfield, next week, to begin duties as assistant to Prof. Strayer, in the public school at that place.

There was no preaching here Sunday, on account of the Epworth League convention at North Prairie. Sunday School was held as usual.

Mrs. W. B. Giddings and Miss Kate Seamen, of Hebron, Ill., visited at Dr. Young's, last Thursday and Friday, and at W. T. Waddell's, Friday afternoon.

On account of sickness of Mrs. J. Taylor, the ice cream social which was announced for this week Wednesday evening, at her home, has been postponed indefinitely.

Quite a number of our young people attended the Demorest medal contest, at the Baptist church, last Saturday evening.

Miss Eva Dixon, of Russell, was the successful contestant.

Messrs. Murrie and Welch are ditching their farms, by the road bridge, west of town. This will also assist in carrying off much surface water from the road, and improve it considerably, as it is always a bad place in wet seasons.

The muddy Desplantes river proves quite an important factor to our neighborhood welfare, furnishing as it does an abundance of water, such as it is, to the many farmers whose water supply has been limited or completely exhausted the present season.

During the next month many of our young people will resume their duties and studies in different schools and colleges. N. H. Welch goes to Wheaton College, Ill. O. B. Young to Rush Medical College, W. S. Welch teaches the Biddlecum school, and Miss O'Hara our own school.

Evangelist F. E. Houston, who only recently closed a successful series of tent meetings here, is sick at Somers, Wis. During the last days the attendance was wonderful, and on Sunday fully one thousand people attended the different services. The influence that has resulted will be greatly felt for a long time. Great credit is due Pastors Surges, of Hickory M. E., Hunter, of Russell Baptist, and Anderson, of York Home M. E. churches, for their constant attention and successful work in co-operation with evangelist Houston.

WADSWORTH.

CHAPTER VIII.—(Continued.)

Mrs. Blake called often at Vivette's room and the two ladies finding congenial tastes and sentiments, became friends, almost on sight. Mrs. Blake furnished Vivette with one of her own maids to attend the room of her guest and act as personal attendant. This colored "girl," as Mrs. Blake had called her, was a woman of near forty years, an intelligent mulatto and a slave. She "took" to Vivette (as she told the other servants), because she said "please" when she wished anything done. Besides, she thought Vivette "mighty good looking," which was in itself a strong recommendation. And then, like most negro servants who have seen cultured and polite people, she knew by intuition that "Miss Vivette was a lady, an' none o' your white trash." From this woman Vivette learned many facts in the history of Mrs. Blake, "Ole Mas'r Tom Blake," and the whole family, past and present. Mrs. Blake also communicated some facts of her personal history.

At one time Vivette said: "What is your name beside Eliza?" to her maid. "My name's nothin' but 'Liza,'" was the reply. "Cullud folks don't have but one name. Does you 'long to a free state, missus?"

"I live at Cincinnati," replied Vivette. "Must be mighty nice to have two names, missus. All de cullud folks have two names in Cincinnati?"

"Yes, I think so, Eliza. Names cost nothing. How long have you lived here?"

"Lived on de place ever since I was bawn." "Here in the hotel?" "Fo' da' wasn't any hotel. I was Ole Mas'r Tom Blake's nigger."

"Why, you are not black, Eliza; why do you call yourself a negro?" "All de same, missus," said Liza with a chuckle. "De black folk call me 'white nigger' kaze da' so black demselves" [still dressing Vivette's hair].

"Who is that fine, tall gentleman who appears to be at the head of the affairs?" asked Vivette. "Dat's Mas'r Sam Blake. He don't own nuthin' hisself. Ole Mas'r Tom Blake own all de whole place; an' he lets Mas'r Sam run de hotel. Mas'r Tom gib me to de missus; and when she die I be to be free. But I hope she nebbber die."

"Your mistress appears to be an excellent lady, Eliza." "Miss Myra—po' Jeff's widdier; he's—she's de bes' lady in de world!" "How long has her husband been ad, Eliza?"

"Don't know when he died; don't know he am dead at all. Went away twelve yers ago an' never come back. Sam want to marry de widdier. Oh! [with a nasal exclamation in defiance orthography.] "Missus puttin' him off an' puttin' him on. Dar pow, look in de glass, young miss. Your ha'r almos as purty as you—kaze I dun fix it de latest fashion."

Vivette thanked the "girl" without looking in the glass, and the maid went out. A short time after, Mrs. Blake called on Vivette in a kindly way, and after some general conversation said:

"I suppose Liza has been giving you the family history, including her own, as she feels herself one of the Blake family?"

"She has given me only a few general facts," replied Vivette. "She has not been indiscreet." "Oh, no! I can trust Liza. But in justice to myself I would like to make a brief statement to avoid misconception."

"I do not seek to know your history, Mrs. Blake. But indeed I am under obligations to you for your kindness to an entire stranger."

"But you came from a land of freedom—from a city where there are no slaves, and where it is not a crime to teach a colored child to read, and to tell him he has an immortal soul."

"And is that a crime in Kentucky?" "My husband was disinherited for marrying a woman who, in the gross language of the people here, had taught a nigger school. My father was a Christian minister, and taught me to hate slavery, and to make no difference between white and black, bond and free."

"And your husband disappeared you know not how or where? as Eliza says."

A knock at the door interrupted the conversation. Adolf Moller came in and Mrs. Blake was about to leave. "Mr. Moller is my cousin—my father's nephew, madam," said Vivette earnestly; "pray do not leave."

Adolf joined in the request, and Mrs. Blake remained. Moller talked of nothing but cholera; his panic had not subsided. "I have a paper from Cincinnati; the city is being decimated," he said. "My poor father!" exclaimed Vivette. "Would that I had remained despite his protests!"

"Would you stay there and die?" said Moller. "As well there as elsewhere," replied Vivette. "Duty is before the fear of death."

"Don't know about that," answered Adolf. "Self protection is the first law of nature."

"But it is not care for others the first law of God?" asked Mrs. Blake. Adolf shrugged his shoulders, but made no reply. Then Mrs. Blake said:

"I am no bigot and never deal in cant, Mr. Moller; but I think, nevertheless, that a supreme regard for our personal safety and a flight from friends in peril are rather in the nature of cowardice. Of course we despise a coward."

Adolf again shrugged his shoulders. But he found it necessary to say something in defense. "That is very true, madame. But suppose we can do nothing—absolutely nothing—for another, must we stay and die with him?"

"The two Marys, we are told, were 'last at the cross and first at the tomb,'" replied Mrs. Blake. "But they were in no danger of crucifixion."

"But the Savior defied even crucifixion, and for his enemies. Should he not be our example? And as to the dreaded cholera, fear appears to precipitate it, and safety lies, if anywhere, in that calm, firm self-control which blanches at no danger and is ready for any fall, standing by other fellow-creatures to the last."

Mrs. Blake had not finished this sentence when Moller writhed with sudden cramps, called for brandy and rushed into his own apartment without the ceremony of a complimentary "Good morning."

A physician living in the house was immediately called, and Vivette and Mrs. Blake being cautioned to keep the matter quiet, he pronounced the attack of Moller to be cholera.

Dr. Goforth was a character. He was an old school physician of great experience, thoroughly educated in medical science and in general literature, and a "high-bred Kentucky gentleman," given to much plainness of speech. He "feared neither God nor man," and had little faith in either.

On visiting Moller he said in a moment: "You have cholera, sir; but it is more than half scared. If you want to get well, by gum, sir, you must shake off your cursed cowardice."

Adolf was not exactly in a condition to take an insult, or to resent it. So he only said: "My God, doctor, my stomach is on fire! Can I get well?"

The doctor dispensed his own remedies, and was putting out some powders for his patient, having already ordered mustard to the entire abdomen.

"Yes, I think you can get well if you will get over your panic; it is cowardice kills people. Here, take this."

"What is it, doctor?" "Medicine." "Calomel?" "I am the doctor, sir; take it and ask no questions."

Down went the calomel, camphor and capsicum without further protest. Looking round the doctor inquired: "Who takes charge of the medicine and sees that it is given as I order it?"

"I, if you please, doctor," said a calm womanly voice. Looking in some surprise at Vivette, who now came forward to take the directions, the doctor first frowned, then smiled with unassumed admiration, and said:

"You must have a servant all the time in the room; it will be embarrassing when—" "Then, without completing the sentence, he said:

"You, at least, are not panic-stricken, Miss. I thank you. Let him have a powder every fifteen minutes until I return."

And the doctor went out. Adolf had had not yet reached that ghastly stage known as collapse; and though he suffered much and cried out for water to cool the fire in the stomach, he did not present that deadly aspect of which Old Charley Moller's condition was a type. Vivette was vigilant and untiring. She saw that the "Three C's," calomel, camphor and capsicum, were taken regularly to the minute, and that Dr. Goforth's instructions were fully and accurately obeyed in all things.

In the night at ten the doctor was at his patient's bedside, and found him still vomiting and calling for water. Vivette informed him that she was confident Adolf had not retained any of the medicine.

"Yes, he has, Miss. Old sledge—by which he meant calomel—is hard to dislodge. It will bring him through if he gets over his cowardice."

"Oh, doctor!" exclaimed Adolf in a shrill voice. "I do not care whether I live or die! only stop this terrible fire in my stomach!"

"Then you will get well, if you don't care!" at the same time putting out twenty very small white powders. Then turning to Vivette he said:

"You are true, girl, Miss. I have one of these every time he vomits. Some of it will stick."

"But he vomits at least every five minutes," said Vivette. "All right. Here are twenty of grain powders; that will last an hour and a half. When I return he will be better."

Then leaving directions that instead of water he should have small sponges of ice, Dr. Goforth again retired. When he returned at midnight he said before reaching the bedside:

"I thought so! Your cousin is better, Miss"—adding in an undertone: "Calomel's the boy, by gum."

Feeling the artery at the wrist and laying his hand upon the now rosy surface of the body, he said cheerily to Adolf:

"All right, sir, you are coming up on the third quarter. If we can control the reaction you will be up in three days. Stop all stimulants, Miss, please. Give him the ice when he wants it, and have his whole surface sponged with tepid water frequently, while he keeps warm; if he feels chilly stop it and put on the blankets. If he gets hungry—let him stay so. Good-night."

Adolf was up in three days as the doctor had promised, and calomel and Vivette had all the glory; the doctor was forgotten—"Damnation reach, anyhow!" as Moller said.

ADOLF AND VIVETTE—DEATH OF OLD TOM BLAKE—HIS WILL AND HIS HEIR.

Adolf again shrugged his shoulders. But he found it necessary to say something in defense. "That is very true, madame. But suppose we can do nothing—absolutely nothing—for another, must we stay and die with him?"

THE "WIDOWETTES."

FASHIONABLE DAMES WHO PREFER SINGLE LIFE.

Each Can Write "Mrs." Before Their Name, and That Is Why the Upper and Lower Tens Call Them "Widowettes."

[Special Correspondence.]

AS DIFFICULT AS it is to keep our widows from being prematurely grieved up in the net matrimonial, it seems to be twice as difficult to prevent our pretty divorcees from again slipping their heads into the marital noose with much speed and soon as the final and fatal been signays so welcome decree has been signed. The last name for a New York divorcee is "widowette." By ing else, and 159 they are called nothing must needs and thus the "lower ten" Cruger is one of the "chichest" of the in recent years. Every thing has gone smoothly with her. She has a sufficient income for her. She has a sufficient children, a devoted mother, and beautiful sides she is the best mother, and belive duchess. Theosom friend of a real borough, formerly the duchess of Marlborough, has been everything Mrs. Hamersley, that a devoted friend to Mrs. Cruger, helped her through her trials, cheered her during her despondent hours, and burst the butterfly, has once more invited her to England, where she is fêted and winned and dined as "la belle Americaine."

Some of Mrs. Cruger's friends think she will never marry again; others think that she is biding her time, and not caring to renew her former experience, that she will look well before she leaps. The future alone can tell, but a well-known Union clubman will decidedly wear the willow with a most dejected air if the first surmise is correct.

Mrs. Dunlop-Hopkins broke marital bonds upon what she considered more than sufficient grounds.

After a short space of time her "better half" remarried, but Mrs. Hopkins finds her liberty too sweet. "On div!" does whisper, though, that if a very pretty "belle and beauty of high degree" would only marry it would take out a short time to find the widowed father off upon matrimony intent, the destination being not a mile from Mrs. Hopkins' door step. "On div!" also has it that a member of the jeunesse doree is very persistent in his attentions to the daughter, seemingly

bark of happiness, and this rift grew and grew, until the whole figure was disclosed and jauntily declared it had come to stay for good. Exit Madame. Enter Law, with a capital L. Everything settled; decree firmly grasped in Madame's hand.

Now comes stagnation? No, not a bit of it. "Those who see the fair-haired ex-Mrs. Schuyler eye her with concern, for she is dressed in widow's garb from top to toe. What can it mean? Has Roosevelt suddenly departed this life? No; when questioned the frisky widowette said she considered herself just as much a widow as if death had snapped the chain, and that she intended not to be deprived of the fun of wearing 'a cap.' A few years back Mrs. Schuyler married again, a Mr. Edward Merritt, and the union seems to be a very happy one.

Mrs. George Merritt is one of our handsomest divorcees. Who has eyes of such midnight darkness, and whose tresses are so blue-black, silken and glossy? It is marvelous to see her chaperoning some youthful beauty and the stare of amazement which some stranger will give when enlightened that she is not one of the "buds" herself. Mrs. Merritt's figure is very willowy and graceful without being too slender, and she gowns herself in perfect taste. Now she is living on a moderate income, but money will be coming to her in the near future, and all predict she will soon be snatched up as a matrimonial prize.

in such a connection was a positive eyecore to her. Applied to simple monetary relief, all right for she finds it quite easy to draw her check for such grants, and that, with a hint of further help, is all sufficient; but for the "simple" advice, which oftentimes tears away one's heart strings, the word is most inappropriate.

There is a woman in New York who occupies the unfortunate position of being neither "maid, wife nor widow." She is Mrs. Lloyd Aspinwall. Her husband has left her, after having a decree of separation drawn up, which he alone can reopen. By the courtesy of her husband, Mrs. Aspinwall retains the two children until they are

Perhaps later on they will "kiss and make up," or else claim the full limit of the law, secure an absolute divorce, and then each commence a fresh page in the book of life.

Mrs. Jack Bloodgood, before she made "Jack," the happiest of men, was a divorcee. Her first husband was young Havemeyer.

Mrs. Roosevelt Schuyler married her cousin, she being a Miss Roosevelt before her wedding. One would think that being "all in the family" that way, it would be easy sailing. Such was not the case, though, for in the early outset of their matrimonial venture a tidy rift was made in their

A NEWSPAPER STORY

THE city editor opened the door and peered impatiently through the clouds of smoke rolling over the long center table in the reporter's room.

"Did you get that story, Carleton?" he asked.

"Carleton's not in yet, Mr. Howard," one of the men replied.

But the door shut with a bang, to open a minute later, when the same worried voice inquired:

"Where's Bud? No, I suppose he's not to be found, either. Did anyone ever know him to be on hand when he was wanted? Here, Bud," as the grimy-faced galley and general utility boy in question came in with his proofs, "go down to the foot of 12 street and find Carleton. There's a wreck off the point, but it won't do us any good unless he gets here with that copy pretty soon. We go to press at 3 o'clock—in just two hours. Bud—"

Che stopped with a half smile, for the boy was already part way down the stairs on his way to the street.

None of us knew exactly why we gave the weird, shirreled specimen of boyhood the name of Bud. Possibly it was because of the certainty we felt that he would never become a blossom. He was a thin-shouldered, shrunken-chested little fellow, small even for his 12 years, with a sharp-featured, unchildlike face and the suggestion of eternal croup in his voice. He had drifted into the office one stormy night about a year before the time of which I write, and although his request for "a place" had been promptly refused, he had calmly stayed on and become a fixture. He was not communicative about himself, and we were not particularly curious. One of the women proof-readers discovered before long that the gray rat under her desk was not a more constant habitué of the office than was Bud. He spent the hours between the time the paper went to press and the arrival of the day men at 11 o'clock sleeping on a pile of empty mail sacks in a dark corner of the engine room, but from that time on he was alert and ready for business. As "understudy" for Frank the regular galley boy, he was fast picking up the knowledge of printing and had occasionally displayed a cunning amount of "know-how" of a newspaper, though imbued with the idea that all things were secondary in importance and must be subservient to its requirements. Nothing pleased him so much as an errand of the kind just given him by the city editor, and we all knew that he would return if he was alive.

Carleton was a new man on the paper, a little green in the business, but with a "nose for news" and a sense of honor and the eternal fitness of

IT WAS THE SMALL BOAT, things coupled with reliability of statement. Mr. Howard had looked over his staff that night before giving the assignment.

"Get to that wreck, Carleton," he said testily. You are the only man here who can write it up without having the waves roll mountain high. And the new reporter had torn a thick section from the block of copy paper and hurried away.

Bud found no difficulty in locating the wreck, although he could see its dark spars outlined against the sky much better by running along the water front as far as 12 street. The storm, which had been raging for three days and had finally caused the disaster, had subsided a trifle, and from this distance the great, black hulk seemed resting easily upon the waves. On account of the hour there were but few spectators—only the hurrying life-saving crews, the patrolmen and the inevitable groups of ragged "wharf-rats." And Bud observed, with delight, that not another paper had a reporter on the scene. He looked around for Carleton and some one told him that the "chop" that had been writing there for a long time, sitting on an overturned small boat, had at last righted the little craft and set off for the half submerged ship.

"He hadn't oughter, either," the man continued. "This water ain't as peaceful as it looks. We had a hard pull gettin' in the last trip with the passengers, and the wind is risin' higher every minute."

It was true that the clouds had begun to roll again, while the lightning threw ever sharper and more

jagged fangs across the sky. The crew on shore made hasty preparations to put out. There were still many people aboard the wreck, a number of them women and children. Bud was the first one in the boat.

"Come out of that, youngster," said a sailor. "Be quick with you!"

"Um goin'," cried the boy. "I've got to see Carleton—I've got to, I tell you!"

The sailor's hand was on his collar, but Bud clung to his seat with desperation, the muscles of his little hands standing out like a gladiator's.

"I've got to get something for the paper," and his voice rose to a shrill scream.

The man lifted him out, sat him, not ungrudgingly, down on the wet sand and pushed off the boat. With a fierce cry the boy was after him, clinging like a monkey to its side. The sailor loosened the boy's hands and he dropped backward into the water. He scrambled to the shore and stood cowering with impotent rage, strange oaths pouring from his lips and his frail hands beating at the air.

The wind increased in violence. The thunder was terrific, and the heavens were cut with broad, white blades. The night grew ever blacker, but he could see by the flashes that the life-boat rolled heavily and seemed in distress. He sank down and dug his hands deep into the sand. All at once a peal of thunder shook the solid earth; a flash of lightning leaped down and seemed to lap up the sea and ships. Bud uncovered his eyes, and in a moment his shrill voice was added to the chorus of agony sent up from the flames of the fated steamer. Lightning had struck her, and the boy had heard the sailors say that she carried a consignment of coal oil.

The light was bright enough now, and the waters could see a small, dark object leave her luminous side and head toward shore. It was the small boat. Bud screamed in ecstasy as he saw a man, Carleton, work at the oars. The time seemed an eternity, and the boat, overcrowded as it was with women and children, seemed to make no progress. It was in danger of swamping. How long before the explosion must occur?

The boy threw himself face downward upon the beach and waited. Presently he lifted his eyes and saw the man in the boat rise and gently put back the hands that were extended toward him, as if in entreaty, and then with a long leap spring into the ocean. Bud saw him strike out with strong, confident strokes, while the boat, relieved of its weight, made a leap forward. Then there was a sudden darkening of the sky, as the flames whirled downward followed by a long, reverberating shock and roar, a glare that turned the heavens found a while the waves his at their lips staining with the foam as he hurrying back and forth along the shore, the whirling of long ropes, lasso-like, over the waters, and, after a while, a few charred, blackened shapes upon the beach.

And opened the office door at 3:30.

"This is a nice time for you to show up," growled the city editor. "Where's Carleton? Did you get that copy?"

Bud approached the table slowly, fumbling in his coat with trembling hands.

"I've brought the copy," he said, his lips drawn and ashen. "It's a little wet 'cause 'twas in his pocket, an'—"

The boy put his hand up to his throat and sobbed hoarsely—"you see, he—got drowned."

How is it done?

The following mysterious advertisement appeared recently in a London paper: "Gentleman, 26, respectable appearance and religious inclinations, wishes to marry under phenological principles, and invites correspondence from any lady having the same desire." How do you marry under phenological principles? Do you both have your bumps felt, and then compare notes to see that there are no "incompatibilities of temper?"

To Avoid Collisions.

Lieutenant F. Boyer of the French navy, to avoid collisions proposes to introduce at the top on all fast sailing steamers an electric light, which will cast a beam ahead to indicate the direction in which the vessel is steering. So long as the approaching ship was not in the actual path of light it would be unnecessary for her to alter her course.

OUR FLAG IN COREA.

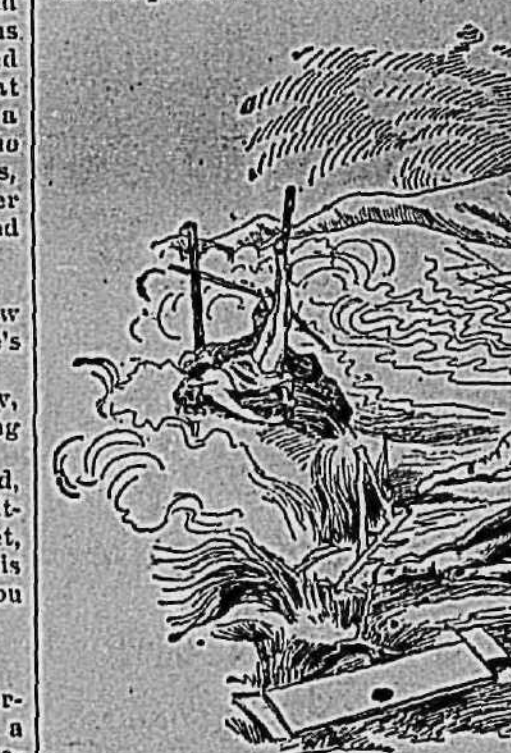

THE FIRST TO TEACH THE COREANS MANNERS.

How the Massacre of the Crew of the American Schooner Gen. Sherman Was Averted by Our Asiatic Squadron in 1871.

IN ORDER TO trace the history of America's relations with Corea and the general opening up of the country of the influence of western civilization, it is necessary to go back to that year 1860. At that time Corea was the "hermit kingdom," a name that has since been dropped, but which was a bitter hint both to French misers and of change. Some of the law of slavery, who had braved the country and boldly advanced into the native cities, were horribly massacred in 1866, and a French expedition sent to chastise the Coreans, ascended the Seoul river and city that the exports, but lost so long without having petition sailed away and aimed at, and accomplished the feat of soldiers with having left the Corean the impression that the Corean could not fight, was invincible.

In the same year an American schooner, the Gen. Sherman, chartered by the U. S. Navy, sailed for Corea on a mission of discovery. The vessel encountered a storm and was driven into the bay of Wampoa, where it was captured by the Coreans. The crew was massacred, and the vessel was burned. The Coreans were then ordered to release the vessel and its crew, and to pay compensation for the loss of the vessel and its crew.

INTERIOR OF FORT MCKEE.

wrecked on the coast of Corea, to inquire into the Gen. Sherman affair and to obtain if possible a treaty of commerce. Peaceful negotiations, however, proved to be impossible. The natives garrisoned the forts along the river and prepared to make things hot for the foreigners should they attempt to ascend the river toward the capital. A survey expedition under Capt. Horner Blake, consisting of the Monocacy and Palos, with four steam launches, was sent up the river. When they were close to Kang-wa island the Corean batteries, containing some eighty guns, suddenly opened fire upon them. The redoubt was instantly wrapped in a sheet of flames, discharging in a few seconds about three hundred shots. One account says that these rased the water like a hailstorm. The veterans of the civil war had never known such rapid firing. Yet only one American was wounded.

Fortunately the order to fire had been given a few seconds late; the American vessels were already out of the line of fire, and as the guns of the natives were fastened on logs, they could not be manipulated and were of no further use. The answering fire from the gunboats and launches soon cleared the fort of its defenders and a week later a punitive expedition was landed in order to teach the Coreans a necessary lesson. The force, composed of 650 men, was led by Commander L. A. Kimberly, the adjutant general being Lieutenant Commander W. Scott Schley, who was afterward to win fame as the rescuer of Lieut. Greely.

The first battery, which was attacked unexpectedly in the rear, was taken without difficulty; the works were completely demolished and the cannon rolled into the river. On the following day the next fort—"Fort Monocacy," as it was christened—was cleared by shells from the Monocacy's guns and was then dismantled by the landed troops. An advance was next made upon the citadel or principal fort, which was perched on the crest of a rocky hill. The Coreans were hovering beyond the reach of our guns in vastly superior

numbers and were evidently waiting for an opportunity to crush the little force. As soon as it had entered the ravine below the fort, the two companies of infantry moved forward as a rear guard on rising ground, while the main body moved on to storm the citadel. The Coreans fought stubbornly to the last, but the excellent practice made by the American gunners under Master A. V. Wadhams scattered them effectually and prevented any large body of them from getting into close quarters with our men.

Presently, at a signal previously agreed upon, the firing from the Monocacy ceased, and amid a hail of bullets from the enemy our men sprang up the steep incline to attack the citadel. They swarmed over the ramparts or through the breaches, and in a twinkling were at close quarters with the defending garrison. The Coreans fought stubbornly to the last without asking for quarter, and were all of them slain. After that the remaining subsidiary forts were soon captured, and fifty flags and 451 pieces of artillery fell into the hands of the

conquerors. The citadel was named Fort McKee, in honor of the gallant young officer who was the first over the parapet.

The defeat of 1871 probably rendered the Coreans more ready to treat peaceably with foreigners than they were before. In any case the hour for opening up the country was at hand. The process began in 1870, when a treaty was made with Japan. A party of Japanese sailors, while landing for water on Kang-wa island, were mistaken for Americans or Frenchmen and were fired upon by a neighboring fort. Japan saw her opportunity, and her fleet demanded an indemnity that certain privileges in trade be granted her. This was the first step

The last time Bart Scott was in Washington he told a good story about a member of the Wisconsin legislature. The old man was elected to the state senate from one of the lumber counties and was proud of the honor. When the legislature met in Madison, Senator Blank was daily in his seat before the time for calling the senate to order and spread the Madison Journal before him to read the news of the day. One morning after the chaplain's prayer, while the clerk of the senate was reading the journal of the proceedings of the day, a gentleman arose and said:

"Mr. President, I move to dispense with the reading of the journal."

Senator Blank quietly folded his Madison Journal, and said: "Mr. President, I move also to dispense with the reading of the Times, the Inter-Ocean and all other papers. There should be no distinction against the Journal."—Philadelphia Times.

Wheat reached its highest price in this country in the fall of 1900 and that year it sold in Minneapolis for \$2.55 a bushel. The home markets were so far out of line that fall that a cargo of wheat was shipped from Liverpool to New York and sold at a profit over the Liverpool price. It was the custom to measure wheat twice then in order to be sure of the count and no farmer thought of doing otherwise. A wagon load of wheat that season brought the farmer as much as an entire crop did to many last year.

The Odd Fellows had a jolly time at their meeting last Tuesday night, there being fifty or more in attendance, including visiting brothers from Rockefeller, Antioch, Chicago, Chicago Heights and Indiana.

A party of Fox Lake resorters in town Tuesday, including M. Kilduff, manager of the Neola resort, and family, M. W. Johnson, A. L. Reese, and Otto Reese and wife, M. S. Bostwick and A. H. Price.

The city bought a piece of land sixty-six feet wide, from State street at Glen Flora to the lake shore, where the strip is 100 by 300 feet, for \$400. This will be used for a street and little park and will prove valuable to the city in the future.

Mrs. Mary Petrie, wife of Adolph Petrie, the carpenter, died at her home 312 Oak street, Monday morning at 11:30, of inflammation of the bowels, after a week's sickness. Mrs. Petrie was sixty-two years of age and resided in Waukegan many years.

The board of railroad and warehouse commissioners, consisting of W. S. Cantrell, Charles F. Lape, Thos. Gahan, engineer Morgan, secretary J. W. Yantis and assistant David Levy will inspect the E. J. & E. Railroad on Monday, Sept. 10th, starting at Joliet.

The Waukegan Kindergarten Association will open its school for the fall term, Monday, September 3rd, at the residence of Dr. G. E. Cogswell, 315 County street. Miss Harriet Cazes, a kindergarten of seven years experience in Chicago, has been engaged for the coming year.

The annual convention of the fourth district W. C. T. U. will be held in Waukegan, Tuesday and Wednesday, Sept. 11 and 12. A program of unusual interest is promised; with such speakers as Mrs. Louise S. Rounds, state president, Margaret Wintringer, Katharine Lente Stevenson and Miss Knth (all "Y") superintendent, it cannot be such.

There may be an explanation of Waukegan harbor got more of

an appropriation than Racine. Two or three years ago, the chairman of the River and Harbor Improvement committee, Thomas J. Henderson, of Princeton, Illinois, came to Waukegan to see a friend. He was shown the town, its prospects and the needs of this harbor and was duly impressed. He is still a member of the committee and it is supposed that his recommendation as to what Waukegan needed was what induced the committee to make the appropriation as liberal as it did.

The contract with President Thomas, of the Thomas Brass and Iron Works, was signed Thursday morning. The committee signing for the city was composed of Charles Whitney, H. C. Hutchinson, J. P. Powell, R. J. Douglas, S. D. Talcott. The committee will now begin to collect the money subscribed and Mr. Thomas will proceed to have the building finished. Besides enclosing the original building he will have built a brass foundry and an iron foundry, each of these buildings to be about half the size of the Safe and Lock Works. Before long the lake shore will be a very busy place.

Supervisors Blodgett, Strang and Waldo, appointed a committee to select plans for a new county jail building, were at the court house last week looking over the plans submitted by about a score of architects. They will select the plans they think most suitable to recommend to the board, which meets in September. The new jail building is to combine a prison and a sheriff's residence, will be three stories in height, built of brick and stone and cost enough to make a modern and ornamental building. The supervisors intend to make such a building that it will be a source of pride for the county and city.

The Cretes, Neb., *Vidette* has this to say about a former Lake county boy: "John D. Pope, the republican candidate for state senator, has already served two terms in that branch of the legislature, and has made a record upon which to make a successful campaign for the place this year. John is a vigorous and uncompromising fighter for what he believes to be right, and in the senate two years ago was the ablest man in that body—recognized as such by the opposition as well as by republicans. He is a credit to the county, and we greatly mistake the temperament of the people if they do not feel that he shall be elected by a good majority."

Wednesday morning a smooth stranger, representing himself to be agent for a Janesville, Wis., nursery company, went to Blueside's livery barn and said he wanted a horse to drive out to Johnson's, near Curnee. He seemed to be "on the square," and a horse was given him without requiring him to put up any security. When Marshal Webb was told about it, he gave instructions to telegraph to Janesville. A reply came that no such company or man was known there. But the stranger returned with the horse in good condition. He said he next wanted to go down to Perkins' greenhouses and wanted a better horse next trip. He was given a good horse and started. An employee of the stable was sent to follow him, however, and did so past Perkins' and west toward Libertyville. At Libertyville the man telegraphed that his horse had given out, so that he couldn't follow any further, and the thief got away. There is a report that he was seen later near York House. By this time he is probably beyond the possibility of capture.

A short time ago the Waukegan Electric Street Railway Company was incorporated at Springfield, with Charles Whitney, D. L. Jones, S. D. Talcott as incorporators. These gentlemen, at the direction of the Board of Trade, took this step for the purpose of getting a street railway for the city when it could be done. Now it is proposed, and as good as assured, that Waukegan will have an electric street railway system, and it is made possible by the securing of the Thomas Brass and Iron Works. Mr. Thomas has dynamo adapted to the work since he furnished power for a Milwaukee company for many years. He thoroughly believes in the future of Waukegan and can get the required capital to put in a system. It is not expected that a railway line would pay at the start but those who are interested believe that it would not be long before such an institution would yield a profit. Several shares have been taken in Waukegan and the rest will be placed through Mr. Thomas. It is proposed to officer the road with Waukegan men, who will see that the road is running as soon as possible. A line to the south for the Washburn-Moen Co.'s farm and the South Waukegan population, it is thought, would pay from the start. Concerning the lines to the north and west, it is questionable whether they would pay at once.

BREEZES FROM LAKE SUPERIOR.

(Part Fifth—Continued.)

After this homesteaded rule, the follow, telling you about the life there, obedience to your captain, etc. If, instead of all this nonsense, the party would print something sensibly to the point, a suffering public might everlastingly grateful.

For instance, if they would let me under-stand that it is a matter of consequence to the steward or stewards, if they refuse extra blankets to passengers. Also, that musical instruments of any kind shall not be allowed in the staterooms. This last suggestion was the result of the awful suffering of mind caused by your correspondent, owing to the introduction of a gentleman, with an accordion, into a stateroom not very remote from his own. This gentleman treated himself to music incessantly. The band, whose strains soothed our inauspicious performances, was nothing in comparison with him. He was a "blue" "Home, Sweet Home" for an hour at a time, whereas, the band seldom devoted more than half an hour to one selection.

We were nearing the long looked for "Soo"; rafts of lumber laden vessels went toiling past us. The water was becoming alive with craft of all descriptions. This scene was lively, after the long waste of unoccupied sea behind us. We arrived at the "Soo" and the lovely rapids, or falls, as they call them, of the St. Mary's river. The American Sault was a lively town, more like home than anything yet seen by us in our travels. We say American, for it seems that the town on the other side of the river, just opposite to this, is called the Canadian Sault. Owing to lack of time we were unable to get across to it; this could be done by the ferry. The "Soo" appeared a good place for the pleasure seeker. Fine white fish could be caught here, with rod and line, quite near the locks; the locks themselves being an unfailing source of interest. The Soo boasts two good hotels, an air of bustle pervades the place. Along the water's edge an attractive piece of ground was laid out in smooth lawn with nicely graveled walks; also bushes and flower beds. It was a matter of regret to us that our stay here was so very short.

The journey through the St. Mary's river was in point of scenery, the prettiest I have ever seen. The river was flanked by many islands both large and small, some of these islands seemed nothing more than immense boulders of rock with a sparse vegetation of trees and bushes growing between the crevices; others again, covered with verdure, were crowned by evergreen trees whose picturesque grouping produced a lovely scene.

This part of the sailing, with fine weather such as we had, was truly delicious; with a brisk, cool breeze blowing, charming views each side of the river, now and then a cluster of fishermen's huts and occasionally one of those queer little churches, never seen by us anywhere except on the bank of the St. Mary's river. Sometimes too, a saw-mill, but these hills seemed small affairs in comparison with those along Lake Superior.

We did not get through the dangerous channel of the Sault Ste. Marie without some delay. As we steamed along, as though "we had the path before us," where to choose, our boat stopped with a sudden jerk; it was so very sudden that the writer felt positive we struck something. The passengers rushed on deck, rapid explanations ensued; it was only a steam tug and her tow ahead of us, the channel was too narrow for us to pass so we had to wait for her to pass. This happened twice, and caused a considerable loss of time. It is impossible to give an adequate idea of how extremely tortuous this channel is. Perhaps the spice of danger attached to running it adds to its piquancy; we enjoyed it immensely.

We reached Detour at eight o'clock in the evening; we had a most exasperating time here, owing to the difficulty of making a landing, wind and wave dead against us. It had to be done however, to take on nine weary and apparently heart-sick passengers, left there by the Buffalo boats. This delay over, we steamed off as fast as possible for the island of Mackinac; we stopped there part of the night to "coal up," and the next morning found ourselves rushing on for Milwaukee.

We expected to reach Milwaukee early the next morning, after that, hey for home, and glad we'll be to get there. We steamed off as fast as possible, with splendid sunshine and brisk wind; then we crawled into our favorite nook, under the steps leading to the captain's bridge, and looked about us. If there is one thing in God's world more restful in its nature than another, it is a scene like this; the continuous sound of the splashing water, the wind whistling shrilly through the ropes, the dipping motion of the boat, the glittering expanse of sea.

Then as night approached, the sun laid his bright head upon his couch of waters, the waves slowly covered him up. On the opposite side of the horizon the moon was rising, a flush upon her face as if she were ashamed to be seen, as she emerged from her bath, but as she mounted higher in the heavens, the redness faded from her, leaving a pale golden tint. She was at her full; she was not the "silver" moon of poets, but hung suspended against the deep blue of the sky, a golden sphere. Below her rolled the gray waters, a very passion of restlessness. We reached Milwaukee four in the morning, being behind time we hurried off the passengers destined for that point, also five hundred empty beer kegs. Then we steamed gayly off, rather roughly, too, as we had under us what they call a dead sea. The boat was pitching about rather violently, but what mattered that, every pitch brought us nearer home. That night our elbow brothers surrounded us for the last time. What patterns of constancy they had been, only two men's unceremoniously by them. How we should miss them! How often, as we sat at quiet meals at home, would we laugh over whimsical recollections of "Finnegan's Wake," or "When the Robins Nest Again?" The forenoon was passing, we still had the "dead sea," and bobbed about continuously. From the hurricane deck all was beautiful, fleecy clouds adorned the bluest of skies, white winged ships sailed along the horizon. The water had a green tinge to its long swells. We fancied that we knew very well what the wild waves were saying to us, their song was full of the dear, dear, dear, smoky Chicago, the dear in spite of Bridgeport odors, the beautiful to us even through its wealth of smoke.

Two deserters from Fort Sheridan were captured at Joliet last Saturday.

—OF THE—

Soldiers and Sailors of Lake
County, Illinois,

Gray's Lake, Aug. 28 and 29,
—1894—

A Synopsis of the History of the Association.

In order to write the history of the soldiers and sailors of Lake county one would need to write a history of the War, as we find some of the gallant boys of our county took part in the great struggle, from the first "Bull Run" to the Surrender of Lee at Appomattox Court House, in 1865, and among those who left Lake county in the prime of life and vigor, many sleep the last sleep in the great beyond, overgrown with the myrtle of the South. Others have found a resting place in the national cemeteries and grassy mounds of the North-land, where the bending bough and the sighing breeze murmurs a sad requiem over the graves of our fallen heroes.

Pence to their ashes, and may each succeeding generation, in loving remembrance, strew flowers, sweet flowers, above the graves of our soldier dead.

Of the many who went to the front in the early sixties, some returned home and have since fallen by the wayside, each recurring year adding new names to the list of those who have gone before, others linger on to meet in annual re-union, of which organization it is our province now to speak.

From the most reliable information obtainable, we find that the organization of Soldiers and Sailors of Lake County was perfected August 25, 1880, at Slusser's Grove, near the present site of Gray's Lake. This much the records show, although it is more than probable that considerable work was effected before the meeting held at that time. This meeting was called to order by Luzzelle C. Manzer, of Avon, and Col. Wm. Reid elected President; N. Sherman, Secretary, and C. A. Partridge, Treasurer. On motion the chair appointed C. A. Partridge, N. Lamb and J. A. Mason, a committee of three to select five members to act as an Executive Committee who were elected as follows: L. C. Manzer, 37th Ill.; W. A. James, 3rd R. I. Cav.; A. W. Smith, 140th Ill.; W. H. Price, 15th Ill.; C. A. Partridge, 90th Ill., and L. H. Drury as honorary member. A motion was made and carried that the proceedings of this meeting be submitted to the soldiers on the following day for their approval. In addition to those whose names appear above, the following persons were present and signed the roster: J. M. Simpson, Benton; C. O. Bidlecom, Newport; George L. Stewart, Antioch; Dighton Granger, Grant; John Isbester, Avon; N. Vose, Warren; Arthur Moulton, Waukegan; M. W. Marvin, Shields; J. A. Singer, Libertyville; George Harden, Fremont; Warren Powers,

Wauconda; L. H. Bate, Cuba; O. H. Morgan, Deerfield; J. O. Whitney, Elia; J. E. Ballard, Vernon; A. M. Church, Chicago; Lyman White, Kenosha; Ed. Hancock, Harvard, McHenry county. On the following day one hundred and sixty-nine soldiers signed the roster and became members of the organization.

At the next re-union, held August 31st, 1881, at Gray's Lake, one hundred and three soldiers and sailors signed the roster and paid annual dues of fifty cents each. At this re-union L. C. Manzer acted as President, N. Sherman, Secretary, and A. W. Smith, Treasurer. The records of the meeting failed to show what business was transacted and who were appointed on the several committees.

The next re-union was held at Diamond Lake, September 6th and 7th, 1882, with L. C. Manzer as President and N. Sherman as Secretary. At this re-union it appears that forty-seven soldiers paid annual dues of fifty cents each, but this appears to be all the records show, although it is safe to assume that George Wait was elected President; J. A. Moulton, Vice-President; A. W. Smith, Secretary; J. R. Bracher, Treasurer; as we find the above-named persons acted as officers at the re-union held in Wauconda, in 1883. The minutes of the meeting, if any were kept, are not found upon the records, as appears to be the case with the re-union held in Chicago in 1884. It appears that up to the time of holding the re-union at Wauconda, Sept. 2, and 3, 1885, but little had been done toward effecting a permanent organization with Constitution and By-Laws. At this re-union we find that Arthur Cook was elected President; J. E. Ballard, Vice-President; N. Sherman, Secretary and J. R. Bracher, Treasurer. The executive committee appointed at this re-union was as follows: J. A. Moulton, W. M. Reid, Birney Mason, W. A. James, L. J. Simons and W. H. Price. N. Sherman, H. H. Gage and Wm. Reid were appointed a committee to draft By-Laws, but it appears that none were adopted until the meeting at Gray's Lake, Sept. 9th and 10th, 1891. At the re-union of 1885, however, we find that one hundred and eighty-three soldiers and sailors signed the roster, and paid an annual membership fee of fifty cents.

The next re-union was held in Waukegan, in 1880, with Arthur Cook, President; N. Vose, Vice-President; N. Sherman, Secretary; J. R. Bracher, Treasurer. The records, however, fail to show what business was transacted there.

Again, in 1887, Wauconda captured the meeting, which was held August 30th of that year, B. L. Flagg being elected President; J. W. Mason, Vice-President; J. R. Bracher, Secretary, and W. H. Mallory, Treasurer. J. W. Acker, Geo. Brown, John E. Ballard, James Jamieson and A. L. Price were elected members of the executive committee. At this re-union it appears that the condition of the treasury was such as to require no assessment, and accordingly a motion was made and carried that no assessment be made. The next re-union was held at Gray's Lake, August 22d and 23d, 1888. At this meeting B. L. Flagg was elected President; Emory Tower, Vice-President; M. W. Marvin, Secretary, and W. H. Mallory, Treasurer. The Executive Committee elected were as follows: J. T. Morrill, Peet Overton, Arthur Cook, Chase E. Webb and J. A. Moulton. The next re-union was held at Antioch, Sept. 8th and 4th, 1889, with B. L. Flagg, president, and M. W. Marvin, Secretary. The records of this meeting show a very complete synopsis of the proceedings, from

which we glean the fact that Hon. A. J. Hopkins and Gen. John C. Black were among the speakers. The Treasurer's report was read, showing a balance of \$24.88 in the treasury at that time, and it appears that the association was in a prosperous condition. At this meeting H. W. Mallory was elected President; W. S. Westlake, Vice-President; M. W. Marvin, Secretary; George Harden, Treasurer. The executive committee elected consisted of J. A. Moulton, Warren Powers, J. E. Ballard, James Murrie and Edwin Drury.

A part of the report of the secretary of this meeting reads as follows: "The people of Antioch provided an abundant dinner for all present, and after partaking of it, the following program of exercises was carried out in the presence of a large and appreciative audience: Music, Antioch Cornet Band; Musical Selection, Millburn Quartette; Address of Welcome, J. J. Burke, Esq.; Address in Response, Pres. H. W. Mallory; Recitation, Mr. Homer Jamieson; Solo, Miss Flora Harden; Recitation, Miss Mason; Song, Miss Westlake; Recitation of Original Poem, Miss Mary Fort; Musical Selection, Antioch Amateur Band; Addresses by Gen. John C. Black, Hon. A. J. Hopkins, and others."

The next re-union was held at Wauconda, Aug. 28th and 29th, 1890, with H. W. Mallory as President. At this meeting J. R. Bracher was elected President; Dighton Granger, Vice-President; M. W. Marvin, Secretary; and J. K. Pollock, Treasurer. The executive committee consisted of James Jamieson, Wm. Reid, Powers, J. O. Whitney, J. A. Ballard, E. Ballard. On motion the president appointed a committee of five to draw up By-Laws, and present them at the next regular meeting. The following were selected to serve on this committee: C. A. Partridge, Arthur Cook, Geo. Wait, W. S. Westlake and M. W. Marvin. The report of the Treasurer showed a balance of \$32.04 in the treasury at that time. Col. P. L. McKenna was orator of the day on this occasion, and a very good program was carried out. Sixty-four veterans enrolled during the day.

The next re-union was held at Gray's Lake, Sept. 9th and 10th, 1891, the meeting being called to order by President J. R. Bracher. The reports of the Secretary and Executive Committee were read and approved. The Treasurer's report showed a balance on hand of \$48.70 at that time. Resolutions were offered by H. S. Vail in regard to holding memorial services in the schools, and raising the American Flag over every school house, said resolutions being adopted by the association. The Committee on By-Laws made a report, and submitted a set of By-Laws, which were adopted by the association, after being somewhat amended from the original form. At this re-union H. S. Vail was elected President, Warren Powers, Merritt Lake, and Dighton Granger, Vice-Presidents, C. A. Partridge, Secretary, and J. K. Pollock, Treasurer. The executive committee elected consisted of J. A. Moulton, A. L. Price, W. A. James, James Jamieson, and J. T. Morrill. Again in 1892 Gray's Lake captured the re-union, the meeting being held there Sept. 8th and 9th, of that year, with H. S. Vail as President. In calling the meeting to order, President Vail made an extended report, reviewing the work of the association, and heartily thanking the officers and members of the same for their kind co-operation in the work undertaken. The Treasurer's report showed a balance on hand of \$118.88. On a motion of B. L. Flagg, a resolution of thanks

to the President and Secretary was adopted by the association, and the same spread upon the minutes of the meeting. At this meeting C. A. Partridge was elected President; M. W. Marvin, J. E. Ballard, and Arthur Cook, Vice-Presidents; J. R. Bracher, Secretary; and E. E. Gilbert, Treasurer. The executive committee elected consisted of R. C. Jones, Warren Powers, J. A. Mason, Charles Hall and H. S. Vail.

The next re-union was held at Gray's Lake, August 23rd and 24th, 1893, with C. A. Partridge as President. At this meeting M. W. Marvin was elected President; J. E. Ballard, H. H. Davis and Jas. J. Pollock, Vice-Presidents; J. R. Bracher, Secretary, and J. A. Mason, Treasurer. An executive committee was elected consisting of the following named persons; C. A. Partridge, H. S. Vail, Warren Powers, Edmund Ames and O. P. Barron. H. S. Vail offered the following resolution which was adopted, viz.: Resolved, That the President of this association, upon taking office, be and is hereby authorized to appoint a commissary sergeant, and other non-commissioned officers as he may deem advisable, whose duty it shall be to furnish coffee and hard-tack at the annual camp fires, the same to hold office during the term of office of the President appointing such officers. J. A. Sexton, ex-postmaster at Chicago, addressed the meeting during the afternoon of the second day. During the day 143 soldiers registered.

It is to be regretted that in many instances only a meager record, and in some cases none at all, has been preserved among the papers and the association, so that the history of the organization is of necessity very incomplete and but little more than a brief synopsis of the organization and proceedings of the Lake County Soldiers' and Sailors' Reunion Association. The Grand Army of the Republic is rapidly passing from the stage of existence and a few more years will see the ranks sadly depleted by the grim reaper, it is to be regretted then that a more perfect record has not been kept to inspire future generations with that same patriotic devotion to country that inspired the brave boys in the stormy days of 1861 to 1865.

Soldiers and Sailors of Lake County, Illinois,

Gray's Lake, Aug. 28 and 29,
1894.

A Synopsis of the History of the Association.

In order to write the history of the soldiers and sailors of Lake county one would need to write a history of the War, as we find some of the gallant boys of our county took part in the great struggle, from the first "Bull Run" to the Surrender of Lee at Appomattox Court House, in 1865, and among those who left Lake county in the prime of life and vigor, many sleep the last sleep in an unbroken sleep in a soldier's grave, overgrown with the myrtle of the South. Others have resting place in the national cemeteries and grassy mounds of the North-land, where the bending bough and the sighing breeze murmurs a sad requiem over the graves of our fallen heroes.

Pence to their ashes, and may each succeeding generation, in loving remembrance, strew flowers, sweet flowers, above the graves of our soldier dead.

Of the many who went to the front in the early sixties, some returned home and have since fallen by the wayside, each recurring year adding new names to the list of those who have gone before, others linger on to meet in annual re-union, of which organization it is our province now to speak.

From the most reliable information obtainable, we find that the organization of Soldiers and Sailors of Lake County was perfected August 25, 1880, at Slusser's Grove, near the present site of Gray's Lake. This much the records show, although it is more than probable that considerable work was effected before the meeting held at that time. This meeting was called to order by Lazelle C. Manzer, of Avon, and Col. Wm. Reid elected President, N. Sherman, Secretary, and C. A. Partridge, Treasurer. On motion the chair appointed C. A. Partridge, N. Lamb and J. A. Mason, a committee of three to select five members to act as an Executive Committee who were elected as follows: L. C. Manzer, 37th Ill.; W. A. James, 3rd R. I. Cav.; A. W. Smith, 140th Ill.; W. H. Price, 15th Ill.; C. A. Partridge, 90th Ill., and L. H. Drury as honorary member. A motion was made and carried that the proceedings of this meeting be submitted to the soldiers on the following day for their approval. In addition to those whose names appear above, the following persons were present and signed the roster: J. M. Simpson, Benton; C. O. Biddlecom, Newport; George L. Stewart, Antioch; Dighton Granger, Grant; John Isbester, Avon; N. Vose, Warren; Arthur Moulton, Waukegan; M. W. Marvin, Shields; J. A. Singer, Libertyville; George Harden, Fremont; Warren Powers,

Waukegan; L. H. Bate, Cuba; O. H. Morgan, Deerfield; J. C. Whitney, Elia; J. E. Ballard, Vernon; A. M. Church, Chicago; Lyman White, Kenosha; Ed. Hancock, Harvard, McHenry county. On the following day one hundred and sixty-nine soldiers signed the roster and became members of the organization.

At the next re-union, held August 31st, 1881, at Gray's Lake, one hundred and three soldiers and sailors signed the roster and paid annual dues of fifty cents each. At this re-union L. C. Manzer acted as President, N. Sherman, Secretary, and A. W. Smith, Treasurer. The records of the meeting failed to show what business was transacted and who were appointed on the several committees.

The next re-union was held at Diamond Lake, September 6th and 7th, 1882, with L. C. Manzer as President and N. Sherman as Secretary. At this re-union it appears that forty-seven soldiers paid annual dues of fifty cents each, but this appears to be all the records show, although it is safe to assume that George Wait was elected President; J. A. Moulton, Vice-President; A. W. Smith, Secretary; J. R. Bracher, Treasurer; as we find the above-named persons acted as officers at the re-union held in Waukegan, in 1883. The minutes of the meeting, if any were kept, are not found upon the records, as appears to be the case with the re-union held in Chicago in 1884. It appears that up to the time of holding the re-union at Waukegan, Sept. 2, and 3, 1885, but little had been done toward effecting a permanent organization, with Constitution and By-Laws. At this re-union we find that Arthur Cook was elected President; J. E. Ballard, Vice-President; N. Sherman, Secretary and J. R. Bracher, Treasurer. The executive committee appointed at this re-union was as follows: J. A. Moulton, W. M. Reid, Birney Mason, W. A. James, L. J. Simons and W. H. Price. N. Sherman, H. H. Gage and Wm. Reid were appointed a committee to draft By-Laws, but it appears that none were adopted until the meeting at Gray's Lake, Sept. 9th and 10th, 1891. At the re-union of 1885, however, we find that one hundred and eighty-three soldiers and sailors signed the roster, and paid an annual membership fee of fifty cents.

The next re-union was held in Waukegan, in 1880, with Arthur Cook, President; N. Vose, Vice-President; N. Sherman, Secretary; J. R. Bracher, Treasurer. The records, however, fail to show what business was transacted there.

Again, in 1887, Waukegan captured the meeting, which was held August 30th of that year, B. L. Flagg being elected President; J. V. Mason, Vice-President; J. R. Bracher, Secretary, and W. H. Mallory, Treasurer. J. W. Acker, Geo. Brown, John E. Ballard, James Jamieson and A. L. Price were elected members of the executive committee. At this re-union it appears that the condition of the treasury was such as to require no assessment, and accordingly a motion was made and carried that no assessment be made. The next re-union was held at Gray's Lake, August 22d and 23d, 1888. At this meeting B. L. Flagg was elected President; Emory Tower, Vice-President; M. W. Marvin, Secretary, and W. H. Mallory, Treasurer. The Executive Committee elected were as follows: J. T. Morrill, Peet Overton, Arthur Cook, Chase E. Webb and J. A. Moulton.

The next re-union was held at Antioch, Sept. 3rd and 4th, 1880, with B. L. Flagg, president, and M. W. Marvin, Secretary. The records of this meeting show a very complete synopsis of the proceedings, from

which we glean the fact that Hon. A. J. Hopkins and Gen. John C. Black were among the speakers. The Treasurer's report was read, showing a balance of \$24.88 in the treasury at that time, and it appears that the association was in a prosperous condition. At this meeting H. W. Mallory was elected President; W. S. Westlake, Vice-President; M. W. Marvin, Secretary; George Harden, Treasurer. The executive committee elected consisted of J. A. Moulton, Warren Powers, J. E. Ballard, James Murrie and Edwin Drury.

A part of the report of the secretary of this meeting reads as follows: "The people of Antioch provided an abundant dinner for all present, and after partaking of it, the following program of exercises was carried out in the presence of a large and appreciative audience: Music, Antioch Cornet Band; Musical Selection, Millburn Quartette; Address of Welcome, J. J. Burke, Esq.; Address in Response, Pres. H. W. Mallory; Recitation, Mr. Homer Jamieson; Solo, Miss Flora Harden; Recitation, Miss Mason; Song, Miss Westlake; Recitation of Original Poem, Miss Mary Port; Musical Selection, Antioch Amateur Band; Addresses by Gen. John C. Black, Hon. A. J. Hopkins, and others."

The next re-union was held at Waukegan, Aug. 28th and 29th, 1890, with H. W. Mallory as President. At this meeting J. R. Bracher was elected President; Dighton Granger, Vice-President; M. W. Marvin, Secretary; and J. K. Pollock, Treasurer. The executive committee consisted of James Jamieson, W. H. Gage, J. A. Moulton, C. Whitney, J. A. Moulton, E. Ballard. On motion the committee appointed a committee of five to draw up By-Laws, and present them at the next regular meeting. The following were selected to serve on this committee: C. A. Partridge, Arthur Cook, Geo. Wait, W. S. Westlake and M. W. Marvin. The report of the Treasurer showed a balance of \$82.04 in the treasury at that time. Col. P. B. McKenna was orator of the day on this occasion, and a very good program was carried out. Sixty-four veterans enrolled during the day.

The next re-union was held at Gray's Lake, Sept. 9th and 10th, 1891, the meeting being called to order by President J. R. Bracher. The reports of the Secretary and Executive Committee were read and approved. The Treasurer's report showed a balance on hand of \$48.70 at that time. Resolutions were offered by H. S. Vail in regard to holding memorial services in the schools, and raising the American flag over every school house, said resolutions being adopted by the association. The Committee on By-Laws made a report, and submitted a set of By-Laws, which were adopted by the association, after being somewhat amended from the original form. At this re-union H. S. Vail was elected President, Warren Powers, Merritt Lake, and Dighton Granger, Vice-Presidents, C. A. Partridge, Secretary, and J. K. Pollock, Treasurer. The executive committee elected consisted of J. A. Moulton, A. L. Price, W. A. James, James Jamieson, and J. T. Morrill. Again in 1892 Gray's Lake captured the re-union, the meeting being held there Sept. 8th and 9th, of that year, with H. S. Vail as President. In calling the meeting to order, President Vail made an extended report, reviewing the work of the association, and heartily thanking the officers and members of the same for their kind co-operation in the work undertaken. The Treasurer's report showed a balance on hand of \$118.88. On a motion of B. L. Flagg, a resolution of thanks

to the President and Secretary was adopted by the association, and the same spent upon the minutes of the meeting. At this meeting C. A. Partridge was elected President; M. W. Marvin, J. E. Ballard, and Arthur Cook, Vice-Presidents; J. R. Bracher, Secretary; and E. E. Gilbert, Treasurer. The executive committee elected consisted of R. C. Jones, Warren Powers, J. A. Mason, Charles Hall and H. S. Vail.

The next re-union was held at Gray's Lake, August 28th and 29th, 1893, with C. A. Partridge as President. At this meeting M. W. Marvin was elected President; J. E. Ballard, H. H. Davis and Jas. F. Pollock, Vice-Presidents; J. R. Bracher, Secretary; and J. A. Mason, Treasurer. An executive committee was elected consisting of the following named persons: C. A. Partridge, H. S. Vail, Warren Powers, Edmund Ames and O. P. Barron. H. S. Vail offered the following resolution which was adopted, viz.: *Resolved*, That the President of this association, upon taking office, be and is hereby authorized to appoint a commissary sergeant, and other non-commissioned officers as he may deem advisable, whose duty it shall be to furnish coffee and hard-tack at the annual camp fires, the same to hold office during the term of office of the President appointing such officers. J. A. Sexton, ex-postmaster at Chicago, addressed the meeting during the afternoon of the second day. During the day 143 soldiers registered.

It is to be regretted that in many instances only a meager record, and in some cases none at all, has been preserved among the papers and the association, so that the history of the organization is of necessity very incomplete and but little more than a brief synopsis of the organization and proceedings of the Lake County Soldiers' and Sailors' Reunion Association. The Grand Army of the Republic is rapidly passing from the stage of existence and a few more years will see the ranks sadly depleted by the grim reaper, it is to be regretted then that a more perfect record has not been kept to inspire future generations with that same patriotic devotion to country that inspired the brave boys in the stormy days of 1861 to 1865.

Biographical.

M. W. MARVIN, County Superintendent of Schools for Lake County, and President of the Soldiers' and Sailors' Reunion Association, was born in Orleans county, New York, in 1848. On the 8th of December, 1863, though only 15 years of age, he enlisted in Company E, Seventeenth Illinois Cavalry. He was in some twelve or fifteen engagements and was wounded at Rockport, Mo., August 20, 1864. He remained in Fayette and Macon, Mo., until December, 1864, when he was sent to the general hospital in St. Louis, but reported to his command in the early part of 1865. He spent some time in the Quartermaster's department at Lawrence, Kansas, and was then in the department headquarters at Leavenworth, Kansas, where he was also clerk in the Provost Marshal's office. He was discharged from service at Springfield, Ills., on 20th of November, 1865. Immediately after Mr. Marvin entered the Soldiers' College at Fulton, Ills., and took a five years' scientific course, from which he graduated in 1871. He held the position of principal of the Lake Forest schools for ten years and has been twice elected County Superintendent of Schools. He is a charter member of Waukegan Post G. A. R., and has held the position of Adjutant for several terms. His postoffice address is Waukegan, Ills. He is a candidate for re-election to the office of County Superintendent of Schools and will doubtless be the unanimous nominee of the republican county convention.

J. R. BRACHER, Secretary of the Soldiers' and Sailors' Association, was born in London, England, in 1830, and came to this country in 1850, and went to St. Louis, Mo. From there he went to Ft. Leavenworth, Kansas, and joined the Tenth United States Infantry and crossed the plains to Salt Lake City, Utah, where he remained until the breaking out of the war. January 8th, 1862, he enlisted in the 13th Missouri Cavalry, which was afterward consolidated with the 5th, and served as Provost-Marshal, at Rolla, under Gen. McNeal. He was mustered out of service on the day of the assassination of President Lincoln, and went to Tolona, Ills., where he engaged in farming until 1871, when he went to Florence, Kansas, where he pre-empted a soldier's homestead. On selling out he returned to Tolona and later came to Gurnee, Ills., where he engaged in the sale of general merchandise, which business he still conducts. In 1874 he was appointed Postmaster at that place and held the position nearly twenty years. He is a member of the Grand Army Post of Waukegan, and was elected Secretary of the Soldiers' Reunion Association in 1893. His postoffice address is Gurnee, Lake county, Illinois.

Dr. W. L. JONES was born in Warren township, Lake county, Ills., Sept. 25th, 1842. Up to his 21st birthday his energies were spent acquiring an education in the district schools and at work upon his father's farm. September 5th, 1864, he enlisted in Company D, 140th Ill. Infantry and served ten months.

Returning to Lake county he farmed, taught in the public schools and carried on a private writing school until 1870, when he entered upon the study of law with Charles Whitney, at Waukegan. In November, 1878, he was admitted to the bar and for a short time was a partner of the late Charles T. Backus. Subsequently he entered into business relations with Peter Fisher, the partnership continuing for two years, since which time he has practiced alone. Mr. Jones has held the position of States Attorney for Lake county and is at present City Attorney of the city of Waukegan. He is a candidate for the republican nomination for the office of County Judge and has many friends in all parts of the county, who hope to see him nominated and elected. He is a charter member of Waukegan Post G. A. R. and has held the position of Junior Vice-Commander of the Post. He has recently been appointed aid-de-camp to the Department Commander G. A. THEY DREW THEIR REVOLVERS.

dressed in confederate clothes appeared in front of the house at the gate. My brother, thinking that the Johnnies were after him, snatched his gun, stepped to the door and asked them what they wanted. They drew their revolvers and told him that he was the man they wanted. He told them that he was the man they could not get, and then closed the door.

They took the hint and retreated up the road. We hastened to the barn to secure our horses as we supposed from the confederates' manner of attack.

Hook had taken a road through the woods into a field. I succeeded in getting to the lower end of the woods on a hill. Presently I heard the report of a pistol up in the field, immediately followed by an exclamation in these words: "O, Lord!" I knew then that they had overtaken and shot Hook. Two other soldiers came from the house and passed by near where I was hid.

I could hear them talk. One of them said that there was a black coated rascal behind those trees, and that he had better come out. You may guess that a boy seventeen years old was not feeling very good at the time.

They then rode up in the field where the rest of the company was. I then made my escape to another clump of woods in the opposite direction. Then I came back to the house and found things literally torn upside down. I then went to assist my father and old uncle to bring Hook to the house.

After all was over, we learned the mistake. "His own came into his own, and his own received him not." In the afternoon, a small company came back to our house, bringing with them a doctor, who dressed Hook's wounds, and told us that if he lived until the next day he would get well.

Hook lived, and is still living. - S. W. Anderson, in Toledo Blade.

Measure of Value.

An old confederate army chaplain, Rev. J. H. McNeilly, tells a story which he thinks may be especially appreciated in these times of financial stringency. In January, 1864, he was in camp at Dalton, Ga. He had just been paid off in depreciated confederate currency, and much of it was in one dollar bills—red-backed pieces of paper six or eight inches long and about three inches wide. When a soldier is paid, he wants to buy something to eat; so, as I had heard of a man who was selling ginger cakes in a camp about a mile away, I went at once. I resolved to spend a whole dollar in ginger bread. My memory recalled with delight the generous square that I used to buy for five cents from the old cake woman when I was a boy. I found my man. He had constructed an oven on a hillside, and he baked gingerbread in one cake about three feet square. I imagined that my dollar would buy about a whole square. Probably it would exhaust his stock. So, with an air of riches, I handed him my red-back and said: "Give me the worth of that." He took my dollar, laid it on his square of cake, cut out the exact size of the paper and handed it to me. I knew then, why money is sometimes called a "measure of value."—Youth's Companion.

THRILLING STORY OF THE

A Daring Young Confederate Up to a Smart Trick.

"Longstreet has been here all day long, sending one another up against our reported eleven years ago. Frank A. Burr, who died over a month ago, was the 20th day of September, 1863, and the scene was chaotic, but on the morning of September 21 we could muster on the slopes of Missionary Ridge, near Rossville, only two hundred and seventy men, counting those we knew were in the hospital and five commissioned officers.

The reason why we are able to hold the hill against Longstreet's brigades (for we were detached from our division early in the day and fought, all alone, without the sight of a man who ranked our lieutenant colonel who commanded us, till late in the afternoon) was because seven of our companies were armed with Colt's revolving rifles—each could be loaded in all its five chambers as quickly as an Enfield—while the other three companies were made up of men quite expert with their always reliable Enfields.

The result was that when Longstreet's men had received our first volley they always rushed forward with a great accession of speed and confidence, thinking they would be on us before we could reload. But they would scarcely pass ten paces before they would catch another volley. And while they were turning this over in their minds we would let them have a third. This was felt to be quite a peculiar circumstance, requiring deliberation, better conducted, perhaps, back in the rear and out of range of it.

Generally happened that with the third volley the Johnnies had come to a dead halt and were beginning to take the back track, which they no longer hesitated about when they got the fourth, and by the time we sent them the fifth volley they were lying face down.

Had peculiar ammunition, it had to happen, being one of those things that always do happen.

That along about noon, having placed him in the black oak tree where he had reloaded his command.

The captain continued: "I was shot in that battle, and the second lieutenant and first sergeant were wounded. At the same time I was wounded, and thought mortally. Sergeant Fred Marsh was at the left of the company—the

regiment was lying down at the time—and firing. The minute I was wounded I called upon Fred to take command of the company. I shall never forget him to my dying day. The confederates were advancing, flushed with victory, and were pouring into our ranks a murderous fire of shot and shell, and the sound of my voice (as I was close to him) he walked to the right of the company, never flinching and encouraging the boys by his bravery to stand fast."

A Close Call.

"The closest shave I ever heard of," remarked Capt. G. L. Merton, an ex-army officer, "was one I witnessed during the late war. It was during the heat of one of the most fearful conflicts we had. Shot and shells were flying around us like hail and it was almost certain death for a man to expose his body from behind the fortifications where we were stationed. The enemy were gaining upon us and it became evident that unless we received reinforcements the day would be lost. Our commanding officer called for a volunteer to ride about seven miles to where another part of our regiment was stationed to notify them of our condition. The errand was a most perilous one, but a young private stepped from the ranks and said he would take the risk. He accordingly started out, mounted on the general's horse. He had scarcely proceeded a dozen yards when a twenty-four pound shell struck the horse fairly in the chest. The animal stood rigid for a moment and then disappeared. The shell had exploded in the horse and a blown it into a thousand fragments. The most remarkable thing about it was that the soldier was not hurt in the least. He was merely blown into the air and drenched with blood, coming out with only a few scratches."—St. Louis Globe-Democrat.

The late Gen. Sherman's fortune is estimated at \$100 million dollars. He was at his death the richest of all the generals of the late war.

were dispatched to Timber Ridge,

eighteen miles from Winchester, Va.,

which was occupied at the time by

Gen. W. S. Hancock. The company

was under command of one Lieut.

Draper, if I mistake not. The com-

View, Va., two miles from my father's

house. My older brother, who was op-

posed to secession and did not propose

to take up arms against the union, was

at home at the time. I, Hook, who was

an associate, stayed with us that night.

None of us at the time was aware of

any federal soldiers being nearer than

Winchester, nor did we know anything

of the surrender of Lee.

TRUE HEROISM.

A Soldier's Estimate of Courage in Battle

—A Sergeant in Command.

It was at a soldiers' meeting, and the

subject was what constituted a brave

soldier. He recalled a case of what he

considered true heroism. He said his

regiment was encamped near the river

bank, and was called into action about

nine o'clock on the morning of April 6.

As the regiment was marching along

the road to the front to take position

he could not shake off the idea that he

was going to be shot in the battle. He

called to the side of him a slim boy,

who at that time ranked as sergeant,

by the name of Fred Marsh, whom he

had become very much attached to.

He related to him his belief that he

was going to be shot, and requested

him in that event to take command of

the company. That young boy, with

true modesty, cheered him up with his

words, but said this: "Captain, I can-

not take command of the company.

first sergeant; both good soldiers. They

down, took hold of Lieut. Haight and

carried him to a ravine, placed him

under a big oak tree, where he

then rejoined his command.

in that battle, and the second lieuten-

ant and first sergeant were wounded.

At the same time I was wounded, and

thought mortally. Sergeant Fred Marsh

was at the left of the company—the

regiment was lying down at the time—

I called upon Fred to take command of

the company. I shall never forget him

to my dying day. The confederates
